WORKSHEET 1 / CAREER COACH GUIDE PAGE 4: CAREER ASSESSMENT & EXPLORATION

WORKSHEET 2 / CAREER COACH GUIDE PAGE 2: PROGRAM DECIDED

Helpful for students who know what major and/or academic program(s) they want to explore. This will prompt them to also explore careers related to the academic program. They can access the college's program website directly through 'Available Programs' links.

WORKSHEET 3 / CAREER COACH GUIDE PAGE 3: CAREER DECIDED

Students who have an idea of their career interest can explore careers within an industry sector. If they take the career assessment first, they will see top career matches based on percentage match with their top traits. By selecting a specific job, they can view daily tasks, wage information, employment trajectory, and live job postings within a Monterey Bay region, Santa Clara, or within all of California.

WORKSHEET 4 / CAREER COACH GUIDE PAGE 5: RESUME BUILDING

Students must login and create a profile to use the resume builder. They can enter contact information, work experience, educational history, skills, and professional links. They will be able to save their resume within Career Coach and access it anytime they login. They can also download their resume into Microsoft Word.

WORKSHEET 5 / CAREER COACH GUIDE PAGE 7: MILITARY CAREER SEARCH

Veteran students can use the military search option to search for top career matches based on their Military Occupation Code (MOC).
